

INSURANCE

FOR AERIAL WORK PLATFORMS, TELE-
HANDLERS AND FORKLIFT TRUCKS

DID YOU KNOW...,

... that the working platforms which you hire are not automatically insured?

YOU'RE SAFE IN OUR HANDS!

As the market leader, Prangl offers you a unique insurance package. This consists of:

- Machine Breakdown Insurance
- Theft Insurance

The insurance itself is provided by an internationally renowned insurer. In accordance with ABMG* 2011, coverage encompasses the following risks:

- Fire, Explosion
- Theft, Robbery
- Burglary
- Vandalism
- Force Majeure
- Accident
- Storm
- Landslide, Earthquake
- Flood
- High Water
- Internal Operating Damage

This is only an excerpted list of the major risks. Full conditions can be found on our website.

* (General Conditions for Machines and Comprehensive Insurance for driveable and transportable equipment)

For conditions specific to your situation, please contact your sales representative. We would be delighted to further assist you in person. **Because "Safely Upwards!" is not just an advertising slogan to us.**

SCOPE OF APPLICATION

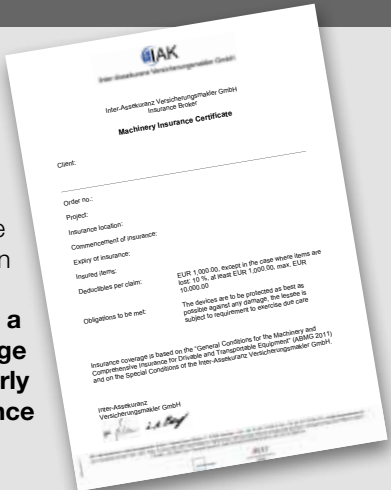

The same conditions apply for Europe as a whole (excludes the CIS). Regardless of whether you hire a work platform in Austria or from one of our international subsidiaries, our insurance service for the same type of equipment is always identical. This saves you from spending time considering particular requirements in different countries. **We are able to offer you an uncomplicated and rapid insurance solution.**

CONFIRMATION OF COVERAGE

Do other work platform suppliers say that you are insured? Do you have written confirmation of that?

With Prangl, you receive a confirmation of coverage document, which clearly documents your insurance coverage.
